

**What a difference a week makes!**

In the words of one of Atlanta's own, Dr. Martin Luther King, Jr., *"We are caught in an inescapable network of mutuality, tied in a single garment of destiny. Whatever affects one directly, affects all indirectly."* (1963) The world's housing landscape reveals an ongoing challenge and opportunity for us all, which you helped address in Jonesboro, Georgia.

Reflecting on the many inspirational moments of Whirlpool Building Blocks Atlanta, we return to our lives ... but we carry a mountaintop experience with us! Thank you, thank you to each of you for all your efforts – for your passion, conviction and dedication – in helping to make safe, affordable housing a reality for our eight wonderful partner families in The Avery.

We hope you are sharing your build experience with family, friends and colleagues! Remember to go to Facebook ([facebook.com/whirlpoolbuildingblocks](https://facebook.com/whirlpoolbuildingblocks)) to share your thoughts and post your photos. You may also want to check out the media attention that WBB 2009 received, including numerous regional newspapers, TV spots and a brief article in the October issue of Family Circle magazine.

You should receive a survey in the next week or so regarding Whirlpool Building Blocks 2009. Please respond candidly; we want to know what went well and what opportunities exist for improvement. Your input is very important to us!

We hope you will continue to be advocates for the mission of Habitat for Humanity in your own communities, as well as ambassadors for Whirlpool.

**Thank you for joining the Whirlpool/Habitat family!**

THE AVERY BEFORE WBB...

AND NOW!

David Hesterlee, one of WBB's volunteer skilled supervisors, took his plane up to capture this aerial photo of the site following the build. Thanks, David!
